CHANGE IS... INEVITABLE.

As I like to joke with friends, "I hate CHANGE. It's so... DIFFERENT." And to some extent, that is true. I don't like making changes for bad reasons. A favorite non-favorite is the "Making changes because it has been a while." How can we be sure if that timing is even close, or if whatever is being changed could use a little more time? I only bring up change this month because we have gone and done it again. Remember that time we took all the Merchandise sections and made the flip-side of the catalog theirs? All new editorial pages, new designs, and more.

Well, this month we have made some bold new changes to the way we list toys and collectibles in our Merchandise sections. Basically, we got rid of them! What you will find on the opposite side of this issue is our new MERCHANDISE section. A three-part extravaganza of cool toys, statues, models, and collectibles, listed in alphabetical order by their subject matter... *Demon Hunter*, *My Hero Academia*, or an overall "Anime" section for single license items. The FIRST section, is our COMING SOON! Section, which includes all pre-order items that are open for order to your local comics shop. The items featured in this section have not been pre-sold-out (as so many of our listings in the NEW TO ORDER feature on **PREVIEWS**world do), so you can order with confidence that these items should be readily available when the ship to stores in the months ahead.

Following our COMING SOON! Section are our AVAILABLE NOW! Sections—our "BRANDED" items displayed on colorful, illustrated page layouts, or our "BY SUBJECT" items, listed alphabetically as they were in the past. The items in BOTH these sections are ON HAND NOW and READY TO SHIP from our massive warehouse complex. While supplies last, of course!

We hope you find this new MERCHANDISE section an easy-to-navigate part of **PREVIEWS**, and we hope it will help fans get the collectibles they want more readily.

In this month's issue, we're celebrating GAME MONTH, showcasing comics, graphic novels, books, magazines, and collectibles based on every aspect of Gaming, be it video games like *Minecraft*, tabletop RPGs like *Dungeons & Dragons*, or collectible card games like *Magic* and *Pokemon*. We've got a great selection of items for you starting on page 242, and then throughout this issue!

And finally, next month is **FREE COMIC BOOK DAY!** on Saturday, May, the 6th! We have the FCBD listings in this issue one more time for you to check the line-up and discover what you want to pick up on the first Saturday in May!

My thanks to all of you for reading and using **PREVIEWS** in your monthly collecting. We do it all to help you find what you're looking for at your local comics shop. Until next month, thanks, and may all your comic hunts be bountiful (and cheap)!

Rare 1958 Penny Sells for \$1.136 Million

A 1958 Lincoln penny with flawed doubling in some letters on the coin's front sold for a record \$1,136,250 through GreatCollections.com. The doubled die flaw occurs when metal die used to make the coins is incorrectly struck twice making it appear double-struck. The penny had been owned by collector and sculptor Stewart Blay. His set of 276 Mint condition Lincoln cents that date back to 1909 sold for \$7,731,811 in a series of six [GreatCollections](http://GreatCollections.com) auctions.

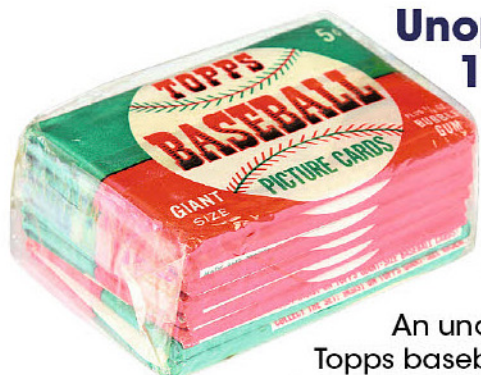

Don't Mess with the Dora Milaje

The Dora Milaje, created by Christopher Priest and Mark Texeira, are an all-female team who serve as special forces for Wakanda, protecting the tribes and serving as the king's bodyguards. These fierce warriors, whose name means "adored ones," debuted in *Black Panther* Vol. 3 #1 (November 1998).

The Dora Milaje has included many key members, such as former leader Aneka, who was stripped of her rank after killing a chieftain for victimizing women. She and former Dora Ayo formed the vigilante team Midnight Angels. Okoye acted as a traditional concomitant to the king, speaking only to him in Hausa. Nakia, a Wakandan Mutate with superhuman strength and speed, and Divine Justice, the street-smart queen of the Jabari tribe, also served as Dora Milaje for T'Challa.

Unopened 1952 Topps Baseball Brick Hits \$873K at Morphy's

An unopened 1952 Topps baseball brick containing eight factory-sealed 5¢ wax packs rocketed to \$873,300 in Morphy's Toys, Sports Cards & General Collectibles Auction. The brick, which could be traced back to a private purchase in Seattle in 1991, had been inspected and deemed authentic by Baseball Card Exchange owner Steve Hart. Each of the eight packs in the brick sold by Morphy's are known to hold five baseball cards. There was widespread speculation from experts that those cards were likely from Topps' first series.

The Mind Manipulation of Brain Wave

The telepathic, telekinetic Henry King Sr./Brain Wave is a constant nuisance of the Justice Society of America. A founding member of the Injustice Society, Brain Wave was created by Gardner Fox and Joe Gallagher, who introduced him in *All-Star Comics* #15 (February-March 1943).

Brain Wave became obsessed with studying the JSA, so he sought them out as his alter ego, psychiatrist Henry King. He implanted post-hypnotic suggestions into the minds of the JSA, except for Green Lantern, and convinced them to gather at the 1939 World's Fair, where he imprisoned them. He did the same to the All-Star Squadron, but when he tried the trick on Green Lantern, Alan Scott's will was too strong, and Brain Wave was defeated.

Please tell us a bit about yourself!

"Took my chances on a big jet plane," to quote Led Zep. I was born on the outskirts of London and moved to the U.S when I was eighteen in search of stardom. Have you heard of me, lol? What I did find was my love for storytelling, in music and comics. After being typecast in a ton of commercials as the British guy with big hair, I ran a record label, releasing 25 albums in jazz, blues, stanky funk and rare soul, with artists ranging from James Brown to Robert Johnson, just to name a few. After my son was born, I turned my attention to comics through a character I had made up over thirty years ago, one I poured my hopes, vulnerabilities, and wrath into. Her name was *Niobe* and she lived in a vast and volatile world called *Asunda* that I had been creating through role-playing games. After the label, I set up Stranger

Comics with my closest pals Darrell May, who I met LARPing, and Joshua Cozine, who I played HEROCLIX against. We set up Stranger Comics to publish *Niobe's* story and other tales that reflect the human spirit, in an inter-connected mini-Marvel style universe of fantasy. For the past decade, I've been on the convention circuit, growing the world of *Asunda* and a wonderful fanbase. Now, I'm honored and excited to be sharing these tales with you guys!

What are your favorite projects you've contributed to over the past decade?

My inspirations are a mashup of Kurosawa, Sergio Leone and Nina Simone. Hopefully cinematic and uncompromising. Gawd that sounds pretentious, but my favorite projects reflect themes of second chances, vengeance, redemption, and so on. *The Untamed: A Sinner's Prayer* (DEC171802) is the title that launched our company and introduces *Niobe* and the aptly named Stranger. Set in the one-horse town of Oasis, it's said to be a watering hole for the Devil. It's about a Stranger who's come to collect. He has seven days for seven souls. The comic asks him and the reader, "Would you damn your family to save the world?" Darrell May did the layouts, Peter Bergting (*Baltimore*) painted the book, and Hyung Taek Nam, famous for his concept art on *The Last of Us*, did the LE cover. Hyung also painted a lot of our exclusives, including several for our most famous title, *Niobe: She is Life* (AUG171969). This one I wrote with actress Amandla Stenberg (*Hunger Games*), star of the upcoming *Star Wars: Acolyte* series. It's a coming-of-age, "Beauty and the Beast" love story, which sets her up as the face of the franchise. It has been incredible to see cosplayers all over the world dress up as *Niobe*! Her follow up tale, *Niobe: She is Death* (AUG201602) sees her grow into a woman, as her armor of innocence is chipped away and the hunted becomes the hunter, as she tracks down sex traffickers and slave traders. I also have a soft spot for *Dusu: Path of the Ancient* (AUG171968), which honors Frazetta in its painted style, and *Erathune* (Currently OOP), which was loosely based on a D&D game! We even have Pathfinder material in it to accompany our official Paizo *Niobe* module. And to

segway into kids' books, I am really proud of the *I AM BOOK SERIES*, which I co-wrote with Garcelle Beauvais (*The Jamie Foxx Show*) and *Brown Sugar Fairies*, which I co-publish with Aiysha Sinclair.

What are you currently working on?

I'm currently working on more tales in the world of *Asunda*, aptly titled *Tales of Asunda* (See **Page 410**)! These are a series of one-shots that allow readers various entry points into the world as a good jumping on point. We are working again with comic legends Jae Lee and David Mack for exclusives as well as the incredible Tehani Farr. Some of these *Tales* will also see me co-writing, with Tee Franklin (*Harley Quinn*), Stephanie Williams (*Nubia*), and actress Thuso Mbedu (*The Woman King*). Fun fact, Viola Davis, star of the *Woman King*, wrote the foreword in the *NIOBE: She is Life* Hardcover! Also look out for *Morka Moa*, a tale of *Niobe's* nemesis I am writing with Darrell, and *Niobe & Dura*, which is a prequel to *The Untamed*. Sheldon Mitchell's art on this is breathtaking and I get to write with filmmaker Prentice Penny (*Insecure*) who I met while working at HBO. Another series I can't wait to unleash is titled *Jaycen Wise*. It's an Anti-Tomb Raider story about a man who "steals" artifacts from museums and returns them to their ancestral homes. I'm co-writing with Prentice and the character's creator Uraeus. We are developing it as a TV show and publishing the comic through Stranger via the imprint Payback that I formed with Prentice. The other Payback title we're developing as a comic and show is *Naija Vamp*, a romantic comedy about a Nigerian Vampire trying to find love, if she doesn't devour them first! I have the honor to write the comic with actress Yetide Badaki (*American Gods*), and that's bloody wonderful!

What fun titles are you reading?

Right now, I'm thoroughly enjoying David Crownson's *Harriet Tubman: Demon Slayer*. It's a super pulpy romp in the vein of *Buffy*. The writing is fun and the art is a perfect complement. And we're currently working with one of the artist teams from *Harriet*, Matteo Illuminati and Arianna Pisani. I also enjoy *The Antagonists* by Tyler Martin, and *Isnana: The Were-Spider* by Greg A. Elysee.

USER'S GUIDE

There's a lot of awesome comics and products to look through in **PREVIEWS**. "A lot" might be a bit of an understatement, as each month's catalog is filled with hundreds and *hundreds* of pages of upcoming comics and related merchandise! It can be easy to accidentally overlook a new series you've been dying to read or a figure you've been pining to add to your shelf when there's so many things to browse. That's why we've put together this guide to help you learn how to use **PREVIEWS** like a pro to order the awesome titles and products you want!

WHAT EXACTLY IS PREVIEWS?

PREVIEWS is part catalog, part magazine (we call it a *Mag-a-log*!) of monthly listings of all of the upcoming comic titles and related products from your favorite publishers and manufacturers in one convenient place. And don't worry—**PREVIEWS** is organized by publisher and product type (and color-coded to boot!), to make it easy to find and flip to the section or items you're looking for. Each item listing has the information you need, such as format, size, page count, price, release date, stock or item code, and descriptive text, and nearly every listing is accompanied by artwork or images.

The most important aspect of **PREVIEWS** to remember is that items solicited in the catalog are anticipated to ship 2-3 months later (or more). For example, if you found a comic you wanted in the May issue of **PREVIEWS**, you can expect to see

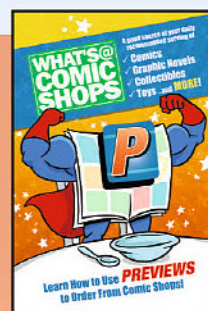

it turn up in your local comic shop in July. The catalog can be a great resource for figuring out where your favorite comic series is going, or for discovering new ones that you'll want to add to your library—not to mention all the other awesome products!

HOW DO I ORDER FROM PREVIEWS?

When you've picked out all of the items you want, you can fill out the **Short Order Form** included in your copy of **PREVIEWS** and submit it to your local comic shop. You can also ask your friendly neighborhood retailer about obtaining a **Customer Order Form**, a booklet that contains a complete listing of all the items made available for that month. These forms make pre-ordering your

comics and products a breeze and can help your local comic shop decide what to stock in the store for other customers, too! Be sure to also ask

your retailer about their **pullbox** or **subscription service**. Once you've submitted your order, you can sit back and relax, or try to contain your excitement until your comics and merchandise arrive!

WEDDING RING IN SAVAGE DRAGON'S 30TH-ANNIVERSARY

Thirty years have passed since Image founder Erik Larsen introduced — or rather, re-introduced — readers to his super-powered police officer, the Savage Dragon, in the eponymous Image Comics series. Over the next three decades, Larsen's series became a super-hero soap opera, unfolding in real time, with buried secrets and plot twists, character introductions and retirements, births and deaths. This summer, readers of *Savage Dragon* can enjoy that soap opera staple — the long-awaited and dramatic wedding — with the 30th-anniversary issue, *Savage Dragon* #267!

Angel Murphy, the stepdaughter of the Savage Dragon, is walking down the aisle. Her groom, Frank Darling, Jr., the son of the man who discovered the Savage Dragon in a Chicago parking lot in 1992. The man walking her down the aisle, Paul Dragon, an alternate universe version of the Savage Dragon who debuted in the pages of *Graphic Fantasy* in 1982. Darling's best man, Malcolm Dragon, the son of the Savage Dragon. This should be a happy day for the Dragon family, but comic book weddings *never* go off without a hitch, and Larsen's oversized *Savage Dragon* #267 will *not* be an exception!

Celebrate 30 years of Image's *Savage Dragon* this June in Larsen's *Savage Dragon* #267!

Written by Paizo writer and *Starfinder* co-creator James L. Sutter and illustrated by Edu Menna,

WHEN THE HEAT IS ON, DAHLIA RACERS CAN HELP YOU DISAPPEAR, FOR A PRICE

HEAT SEEKER: A GUN HONEY SERIES is set to be the hottest new crime comic hitting stores this summer. Following from the events of **Gun Honey: Blood for Blood**, **Joanna Tan** turns to **Dahlia Racers** to help her pull a vanishing act. But Dahlia's mission soon turns deadly, as she finds the beautiful sociopath Sarah Claride on her trail.

In anticipation of the release of **Heat Seeker**, we spoke to writer **Charles Ardai** on everything **Gun Honey**.

CHARLES ARDAI GUN HONEY

Heat Seeker: A Gun Honey Series is the third installment in the **Gun Honey** saga. When you started writing **Gun Honey**, did you plan for it to expand this far, or did it come as a natural progression of the title's popularity?

I knew there was more to the **GUN HONEY** story than I could tell in just the first four-issue series – but what I didn't know was whether I would ever get to tell the rest! Sort of like George Lucas launching **STAR WARS** with Episode 4 and hoping the audience would want more. Fortunately, **GUN HONEY** readers did want more, so here we are with **HEAT SEEKER** coming this summer and **GUN HONEY: COLLISION COURSE** coming at the start of 2024.

This series has a brand new protagonist, Dahlia Racers. How does she differ from Gun Honey's classic protagonist, Joanna Tan?

They have different criminal specialities – Dahlia is a master of deception who will help you disappear when you've been marked for death; Joanna is the world's most resourceful weapons supplier. But apart

from that they also have different personalities. Dahlia is a bit like a female Errol Flynn, a reckless swashbuckler with a girl in every port. Joanna is more private, more hidden, darker. Dahlia is brash, cocky – sort of like Tom Cruise to Joanna's Christian Bale.

With a new series comes a new artist. What does ACE CONTINUADO bring to the world of Gun Honey?

Ace's style is a perfect fit for Dahlia's adventures – realism, but with a very dynamic, cinematic feel. We discuss the layouts in terms of storyboards for a **MISSION: IMPOSSIBLE** or **FAST & FURIOUS** movie – the stunt sequences, the set-pieces, the camera angles, the flow. Even in the quieter scenes, you can feel the movement.

What can you tell us about Heat Seeker's antagonist, Sarah Claride?

She looks like Lilith from **CHEERS**: very proper, put-together, a little too tightly wound. Always wears these dainty white gloves. But underneath that tidy, proper

exterior, she's monstrous. She's a professional killer, but one who loves the work a little too much. Even her employers know she's just a hairline away from going off the rails. She's vicious, ruthless, brutal, and utterly unapologetic. I adore her.

In October last year, Hard Case Crime and Titan Comics announced the 'Gun Honeyverse'. Are there any hints you can give readers about what's on store for the future of Gun Honey?

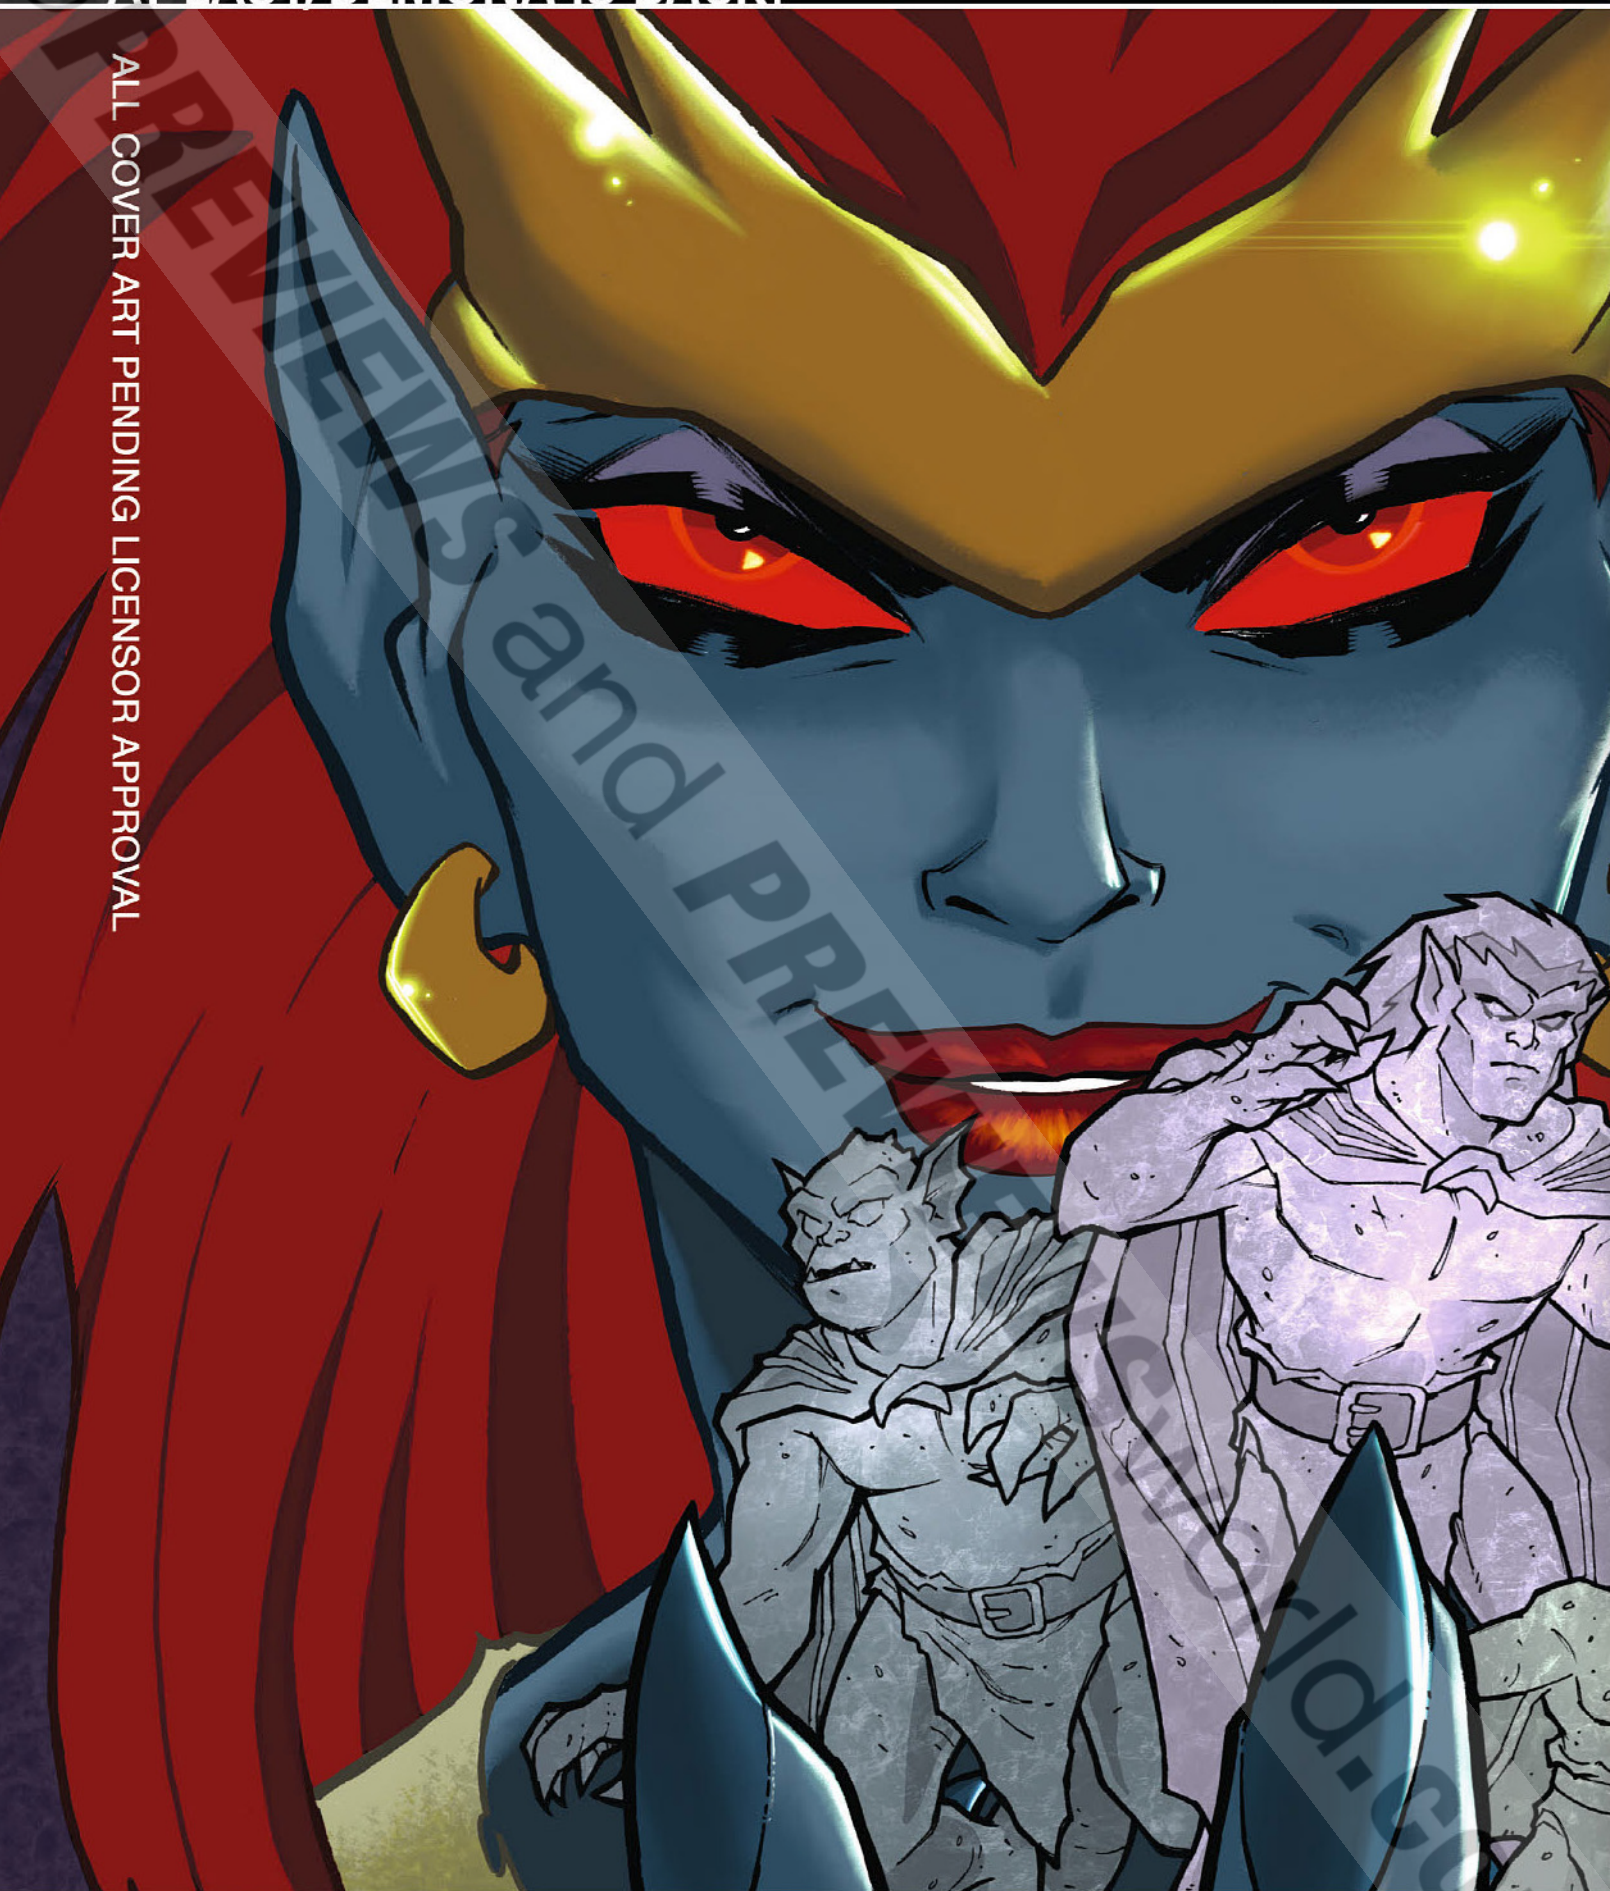

Well, first our characters have to survive the events of **HEAT SEEKER**! But those that do survive have more dangers ahead of them. **GUN HONEY: COLLISION COURSE** will take us from Borneo to Japan to Mongolia as we learn what Joanna was up to while Dahlia was taking the heat for her back home. And will we get to see Dahlia again? I would love to. I hope the fans give us the chance.

Change, change, O form of man, Rise, the demon Etrigan!

With those words, Jason Blood, an immortal knight from the court of King Arthur, transforms into Etrigan the Demon, half-brother of the wizard Merlin. Created by Jack Kirby in 1972 for DC Comics and subsequently developed by creators such as Matt Wagner, Alan Grant, Garth Ennis, and Paul Cornell, Etrigan the Demon has also appeared in animation, such as *The New Batman Adventures*, *Justice League*, and *Batman: The Brave and the Bold*, as well as video games such as *LEGO Batman 3* and *LEGO DC Super-Villains*. Funko summons the Demon Etrigan to a new realm for Free Comic Book Day with the **PREVIEWS Exclusive POP! DC Heroes: Etrigan the Demon Vinyl Figure**. Available exclusively in comic shops beginning Free Comic Book Day, the POP! Demon gives Kirby's creation the stylized Funko design so beloved by collectors. Plus, fans and collectors can seek out the limited chase edition which features a blacklight paint deco that gives the Demon an eerie glow as though he has just transformed from Jason Blood into his demonic form! Cast the spell! and summon the limited edition Demon to your Funko POP! collection this Free Comic Book Day! (STL22721) (C: 1-1-1) **NOTE:** Available only in US, Canada, and US territories. From Vampirella's fiftieth anniversary to her very own series! She started as Vampirella's lover and ended up a very powerful pawn of Vampi's mother, Lilith. Along the way, Victory's made new friends, seen countless horrors, been saddled with a demon's ring that she can't get rid of, encountered the ghost of an old friend, and opened too many dimensional gateways to count. Despite that, there's so much that we don't know about Victory, like what her childhood was like. Or what she's been doing with her demon ring and the crazy powers it has granted. Or which old — well, foe wouldn't exactly be the right word — is about to show up to cheer her on. From writer David F. Walker (Compass, Young Justice, Naomi) and artist Brett Weldele (The Beauty, Do Androids Dream of Electric Sheep?).

INTERIOR ART BY BRETT WELDELE

WILL VAMPIRELLA'S FORMER LOVER TURNED FOE HAVE HER... VICTORY?

DAVID F. WALKER & BRETT WELDELE INTRODUCE HER FIRST-EVER SOLO SERIES

Victoria Harris has been all over the place since she was first introduced at the beginning of Christopher Priest's tenure with the Vampirella mythos. How much did you guys dig into those stories in preparing for kicking off the first dedicated solo spotlight on her?

David: I sat down and read every comic with Victory and tried to get to know her as much

as possible. It helped that Priest also provided me with a lot of insights into the character, as he's the one who brought her to life. I examined all the things that were interesting about her, as well as the stuff that was troubling, and then I started figuring out why she is the way she is. At some point, I struggled a bit with the character and the story, and I ended up picking the brain of another writer, Kelly Sue Milano (*Hex11*), who really helped me break through some of my blocks.

Through the journey that Priest started her on, Victory has been a lover of Vampirella, an ally of sorts, and even a bit of a villain. What is your take on her as a character and how will she be channeled in this new series?

David: Victory is an interesting supporting character, but the thing to keep in mind is that she's been a supporting character, and for me

those characters are always more fun to write. When you take a successful supporting character and elevate them to leading character status, it is important to remember that what you're doing is adding to someone that already exists – it's like adding spices, or even ingredients, to a meal that's already been cooked. The key is to enhance what is already there, and in my mind the best way to do that is to explore previously unknown aspects of who they are, and then take them to places that challenge what they think of themselves.

Now that Victory is in the spotlight, fans will get to see nuggets of both her past and present, such as her childhood and what she's been up to with her new powers-imbuing demonic ring. Which parts of the story are you most looking forward to fans getting to experience?

David: I'm looking forward to people getting to know things about Victory that they didn't know, which includes aspects of a very traumatic childhood. But more than anything, I'm looking forward to Victory herself discovering who she is. This story is about her becoming a hero, which is a difficult journey for her because she's convinced that she's a bad person. In many ways, she's embraced all the mistakes and bad choices and unfortunate situations of her past, and allowed those to define her, and now she's about to have all of that turned upside down..

Brett, there have been so many legendary artists who have made their mark on the Vampirella franchise, both with interior sequential artwork and some iconic covers. Are there any predecessors that you may have looked to for inspiration and direction in developing your approach to Victory? At the same time, because this is her first solo series, are there any special character elements or aspects of your own style that you're employing in its creation?

Brett: It's natural to want to make the definitive version of a character, especially one who has a lot of story left to be told. As a painter, I gravitate towards other painters...Frazetta, San-

julian. I admire the linework and atmosphere of Jose Gonzalez. Big shoes for sure, but I think with my two decades in this industry I'm bringing something unique to the table. I want to explore that sense of atmosphere, but with a modern flair. It's also fun to world-build around Victory and what her solo adventures entail. We're imbuing Victory with the flavor of exploitation films that David and I love. It's the secret sauce and a common theme in our collaborations.

MIRKA ANDOLFO SHARES HER TAKE ON BETTIE WITH FANS!

WELCOME TO LA DOLCE VIDA!

Mirka, you are beloved for your flirty, romantic, and sensual characters and stories. One of the titans of that kind of style was of course Bettie Page herself. Has she and the pinup art and style that she pioneered significantly influenced your own artistic style and evolution?

I must admit that she had no influence on me, at the beginning. Of course, everyone knows who Bettie Page was, her importance, and the fact that as a pinup she became one of the first great icons. But I “discovered” the character quite late, and I must say that she is certainly very interesting, and somewhat close to the aesthetic of representing the human body and femininity.

In preparing for this series, I imagine you and the team also learned more about Bettie, the woman outside of the photos and pinup art as well. How she went through life, faced challenges, and so on. What has been your takeaway from her as a person, and how is that informing how you write her as a character in your own story?

The work I did together with Luca Blengino was thorough and very, very interesting. Delving deeper into the character allowed us to try to create more knowledgeably “our own” version. But I have to admit that the most useful part, from a narrative point of view, was the deepening of what had already been done at the comic-book level, with the character. I hope that our vision will be interesting, respectful of the original, but at the same time new and intense.

For this series, you’re taking Bettie to your own home of Italy. What makes your native land such a great fit for Bettie, her aesthetics, and her escapades?

The choice seemed natural and inescap-

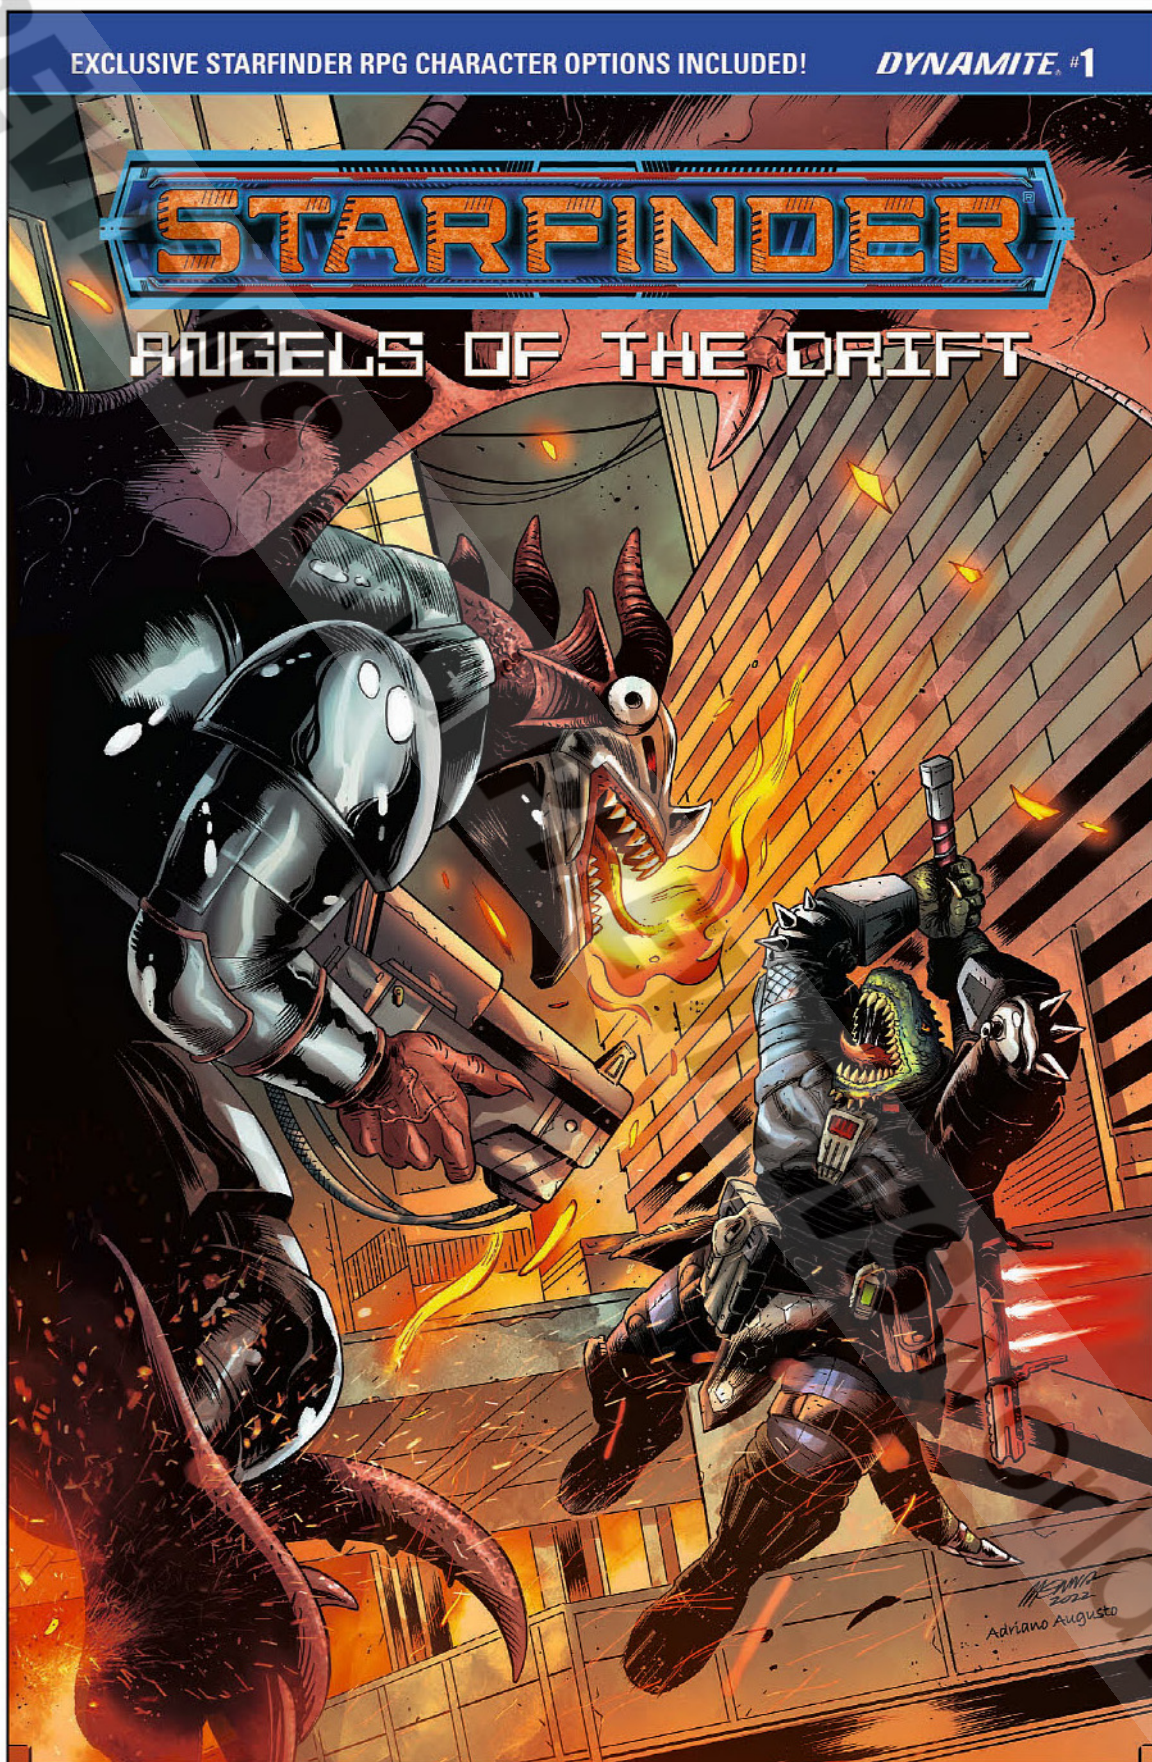

able: the story of “our” Bettie had to be set in our nation. The idea of taking a set in the style of Roman Holiday. Of course, the first thought is to iconic scenes (who said “Marcello, come here?”), rides on a Vespa... Often, Italy in stories is closer to what people abroad think of the country than what it really is. Our goal is to tell an intense story with an intense character and an intense but realistic setting.

You are working alongside artist Elisa Ferrari on this title. How did she come into the picture for this, what is your take on her style and the way she is capturing Bettie, and how has the collaboration been going so far?

Elisa is, first of all, an incredibly talented artist and a friend. We had wanted to work together on something for quite some time, and when we (the editor and I) started talking about this project, I immediately thought of her. Elisa has a style both intense and sexy, with a pinch of cartoonish approach, which I always love in a comic. Working with her, for both Luca and me, has been incredibly easy, and I can’t wait to show you the result!

The Starfinder Roleplaying Game is a science-fiction/science fantasy role-playing game published by Paizo Publishing. It is built on Paizo's previous game, the Pathfinder Roleplaying Game, both in its game mechanics and universe, but adapted to a more futuristic style than its fantasy predecessor; game content is intended to be easily convertible between the two systems. Like its predecessor, the Starfinder RPG supports adventure paths and other material written by Paizo and third party publishers.

The Starfinder RPG was announced in May 2016 on Paizo's website and officially released at Gen Con in August 2017.

Paizo Inc. is publisher of the best-selling Pathfinder Roleplaying Game—now in its second edition, award-winning Starfinder science-fantasy roleplaying game, Pathfinder Adventure Card Game, Pathfinder Tales novels, as well as numerous board games and accessories. In the 20+ years since its founding, Paizo has received more than 100 major awards and has grown to become one of the most influential companies in the hobby games industry.

Paizo.com hosts a leading online hobby retail store, offering tens of thousands of gaming products from a variety of publishers to customers all over the world, and the ability to subscribe to Paizo's releases, ensuring you never miss the next exciting release. The website is also a portal for Paizo's organized play campaigns and Pathfinder and Starfinder communities and source of all the most up-to-date news on all of Paizo's thrilling brands.

ORIGINAL STARFINDER DIRECTOR & SERIES WRITER TAKE US INTO THE BELOVED SCI-FI MYTHOS!

This is the first ever Starfinder comic book series that will be in stores. As both the writer of the series as well as a key player in developing and guiding the game itself, what does it mean to bring the world to this new medium?

It's honestly something I've been dreaming about since the game's creation. The heroes in this series are Starfinder's "iconics"—characters we've been illustrating in the game art for more than half a decade now—and fans have been clamoring for a chance to get to know them better. I think the camaraderie between them—the joking, the love, the frustration—really captures what's so delightful about role-playing games. Starfinder is all about exploring the galaxy and having epic adventures, but at the end of the day it's also about your real-world experience as a player, sitting around a table having fun with your friends. I think the comic zeroes in on that feeling—that no matter how high the stakes get, both the game and the comic are meant to be fun.

At the same time, my other favorite part of the Starfinder RPG has always been its setting: the Hellknight lawkeepers with their bound devils, the draconic pilots of the Skyfire Legion, the ancient gods and space stations and weird alien worlds. Edu's totally brought that to life, and it's a blast to just sink into some of his panels. As a Game Master myself, I'm excited to hand the series to players and say "This is what it feels like!"

As noted, you were also the Creative Director for Starfinder at Paizo, and you were heavily involved in building Pathfinder. For fans who may be new or more familiar with the latter, how would you describe the elevator pitch for Starfinder and how it differs from other science fiction mythos?

Starfinder is science-fantasy: while there are classic science fiction tropes like spaceships

and aliens, there's also spellcasting, demons, magic swords, and all your other favorite fantasy elements. (When we were building the game, one of our guiding phrases was "space wizards and laser ninjas.") So just as Pathfinder is home to many different flavors of fantasy, the Starfinder RPG draws on everything from space opera to Star Trek, cyberpunk to deep-space horror, letting you play whatever sort of science-fantasy game you want.

Starfinder takes place in the same fantasy setting as Pathfinder, but pushed thousands of years into the future, where high technology and magic exist side by side. The Pathfinder homeworld has gone missing, and galaxy-wide amnesia has somehow erased all memory of the intervening centuries. Granted faster-than-light travel by a mysterious machine god, both traditional fantasy species like elves and dwarves and strange new aliens have banded together to trade and explore the galaxy, making contact with new species and delving through alien ruins from the lost eras as they pursue wealth, glory, and the secrets of their own unknown past.

Any great genre adventure is lifted by a fun colorful cast of characters, especially with tabletop roleplaying as the foundation. So who is joining the party for this tale, and which has been the favorite to write so far?

Starfinder is all about bold starship crews, and this group is no exception! Navasi, a human woman and reformed pirate, is the group's fast-talker, plan-maker, and de facto captain. Hulking, reptilian Obozaya is an honor-obsessed mercenary and the party's primary muscle. Ciravel, an elf who uses a hoverchair due to chronic illness, is a precog, twisting time itself to stymie enemies and give herself visions of the future. Quig, the group's hot-headed mechanic, is a fan of tinkering with his pet robot and burning things down with his flamethrower. Last but not least, insectile Keskodai is the group's happy-go-lucky medic... and a priest of the death goddess. (He'll do his best to save your life, but if you die anyway—hey, that's just part of the natural cycle!)

At the start of the story, the team is hard up for work, as a recent disaster in the hyperspace dimension called the Drift has made travel between worlds exceedingly dangerous. When a robotic avatar of that same dimension shows up in their bar looking for a ride, it seems like their luck has changed—right up until the bullets start flying...

All of the characters are fun to write for different reasons—Obozaya's obsession with honor through combat, Quig's sarcasm and creative insults—but for me, Keskodai is the heart of this story. His species, the shirren, broke free from their former hive mind and are now obsessed with personal choice, to the point where they can get physically addicted to the thrill of making decisions. In addition to being an adventurer, he's also a father, carrying his larval son around in a little container on his belt. I really enjoyed letting him wrestle with the inherent tension in trying to be both a responsible parent and a freewheeling adventurer, and I hope folks will come away loving the group's "Bug Dad" as much as I do.

This is artist Edu Menna's first work with Paizo franchise material, but he's knocked it out of the park on some sci-fi before with contributions to our Battlestar Galactica titles. How has the collaboration been with him and the rest of the team so far, and are there any particular moments or ideas you're looking forward to seeing him bring to the page for fans?

Edu is an absolute wizard. From the first few pages, I was blown away by his creativity—the way a given street scene can contain not just a bunch of recognizable aliens from the Starfinder setting, but a dozen brand new creatures as well. He really captures that feeling everybody feels the first time you see the cantina scene in Star Wars—that the universe is way bigger and weirder than you've ever imagined. Both he and colorist Adriano Augusto have been a dream to work with, and while I don't want to give spoilers, there's a two-page spread in Issue 3 that's absolutely going to blow your mind...

Pathfinder has recently gotten a fun burst in popularity as it continues to grow as a beloved fantasy RPG, and Starfinder has been experiencing similar growth since it was introduced just a few years back. Dynamite and Paizo are teaming up starting this summer to bring new comic stories from both, with each month switching off with a release from both series. What motivated this unique rollout and treating fans to this awesome avalanche of content?

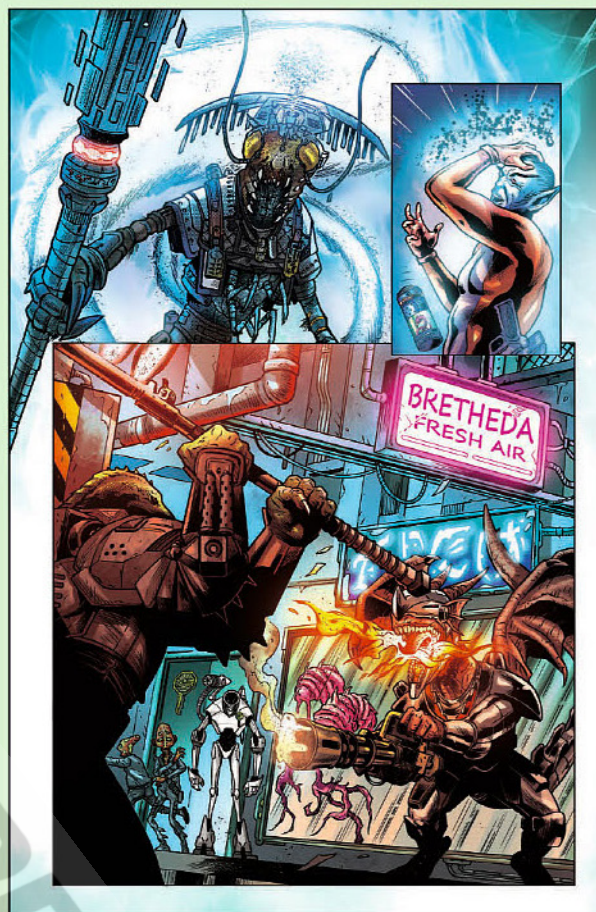

In my mind, Pathfinder and Starfinder have always been two sides of the same coin—it's the same universe, after all! So it only makes sense that fans of one series would want to pick up the other as well. Hopefully by alternating releases this way, fans can read both titles as they come out, and enjoy all the little echoes and Easter eggs that tie the two settings together!

James L. Sutter is a co-creator of the Pathfinder and Starfinder Roleplaying Games. In addition to writing for comics like *Pathfinder: Runescars* and *Pathfinder: Hollow Mountain*, he is the award-winning author of the young adult romance novel *Darkhearts* and the Pathfinder novels *Death's Heretic* and *The Redemption Engine*. His short stories have appeared in such venues as *Nightmare*, *The Magazine of Fantasy & Science Fiction*, *Escape Pod*, and the #1 Amazon bestseller *Machine of Death*. In addition, he's written video games, a wealth of tabletop gaming material, and essays for publications like *Clarkesworld* and *Lightspeed: Queens Destroy Science Fiction*.

writer: Christopher Priest

Spinning out of Christopher Priest's successful Vampirella and Sacred Six series... comes Draculina.

One child, two destinies: who is the daughter of Lilith of Drakulon? Is she a streetwise runaway human preteen, or is she Vampirella's deadly siren night-stalker evil twin? Two souls linked by a reality-jumping demon struggle for control of their own destiny as Draculina, Lilith's first and most beloved daughter, is brought into Vampirella's reality and linked to an alternate version of herself by a cursed candle which warps reality when lit, swapping Draculina with her other possible "self"—a tough homeless preteen struggling to make it on her own while being constantly drawn into Draculina's schemes. Establishing a secret identity for herself as "River East", high-profile socialite daughter of the missing and presumed dead Lilith Ogden Eastaughffe, Draculina presses forth with a secret, evil agenda of bloody retribution against everyone who's ever done her wrong, with only Katie—her alt-self—standing between her and her deadly goals.

MISS FURY: JOY DIVISION ASHA KISHNA COVER EDITION TRADE PAPERBACK

FC | 136 pages | Action Adventure | \$34.99 | Mature | 6/7/23

writer: Billy Tucci
artists: Maria Laura Sanapo, Edu Menna, and Billy Tucci
cover: Maria Laura Sanapo

**JUST 550 COPIES
PRINTED —
ONLY 250 LEFT!**

In "Miss Fury: Joy Division," writer Billy Tucci, along with artists Maria Laura Sanapo and Edu Menna, delves into the eponymous deep dark secret of the Nazi regime during the Second World War. Through the 1940s, several Nazi concentration camps featured brothels wherein Jewish women were forced to work as prostitutes for soldiers. This rarely discussed, dark tragedy of history remains starkly relevant today.

Now, Miss Fury and her team of Black Furies have discovered this cruel phenomenon — and they're going to kick some Nazi ass, in an all-female style mission of revenge. The original graphic novel includes a chapter illustrated by Billy Tucci and fits perfectly into a continuity gap in the original storylines of Miss Fury, taking place in the summer of 1944. Miss Fury — real name Marla Drake — dates back to 1941 and holds the esteemed distinction of being the first female hero created by a woman in the medium.

Writer and artist June Tarpé Mills chronicled the tales of the original "Cat Woman" for a full decade in newspaper strips, with the character also licensed at the time for a Marvel comic book. Mills and her heroine were more ahead of their time than even their notable first indicates. Mills dropped her first name when signing the strip to disguise her gender. When Marla was depicted wearing a bikini in a 1947 strip, 37 papers dropped the feature in protest.

This new edition features a cover by artist Asha Kishna!

"I take it very, very seriously to honor Miss Fury's creator, June Tarpé Mills, and to bring to light one of the most heinous yet forgotten episodes of the Holocaust." — Billy Tucci

"The art is great, the character voices sound authentic to the actors, and the setup feels like a faithful homage to the films"

THE VINEYARD is a family-owned winery that sows and reaps by the blessing of the great god of wine and revelry, Dionysus. However, the Vines family's patron god requires complete devotion in the form of four sacrificial killings a year before each harvest. This has been done in unfettered obeisance. But all of that changed when the family's patriarch, Didache Vines, was in a horrible accident that left him paralyzed and in a wheelchair.

Now, the sacrificial and murderous duties of the Vines family have fallen to wife and matriarch, Maranatha Vines. With harvest season fast approaching and the family short of their annual sacrificial killings, Maranatha's struggle with her conscience puts all of her family - husband, son and daughter - in jeopardy.

Written by Brian Hawkins (*Black Cotton*, *Believe in the Name*, *Don't Ever Blink*) and illustrated by Sami Kivelä (*THE HEATHENS*, *UNDONE BY BLOOD*, *Abbott*), *THE VINEYARD* is what happens when family values and otherworldly obligations collide.

Now, Doggy has become Samurai Doggy, and his only goal is to quench his thirst for revenge.

Written by Chris Tex (*BlackOut*) and illustrated by Santtos (*LAND OF THE LIVING GODS*, *BlackOut*, *Night Shift*), *SAMURAI DOGGY* is a story of loss, revenge and the journey to defeat the greatest empire of machines and robots that has ever existed.

ANIMATED SERIES IN PRODUCTION NOW!

An EPIC FANTASY
ADVENTURE For ALL AGES!

It's been 10 years since the men of the village left to fight in The Great War. Ten years since they left the women, children, and the older generation for a conflict far away from home and that they knew almost nothing about, except that it was about the security of their nation, their valley, their families. Ten years have passed since anyone has had any news of the war...

But the women quickly took charge of village matters. This is how the **Order of Shepherdess Warriors** was formed, a group of female fighters chosen among the most courageous and acrimonious, to protect not only their flocks, but also the village!

Molly is happy because as soon as she turns 10, she can finally start training, and if she's good enough, she can join the order and work out why there are more and more ferocious wolves in the valley. This quest will take her far beyond the boundaries of the land she knows, into the sorcerers' forest and on the trail of her missing parents. Meanwhile, young Liam will do whatever he can to join the order, refusing to be deterred by the notion that it is for women only, as the female warriors are the heroes he has been admiring his whole life.

Shepherdess Warriors is the odyssey of a young heroine living great adventures in a medieval-fantasy universe inspired by Celtic legends. An endearing story, suitable for most all ages, which gives pride of place to family and community ties, carried by warm, charming graphics and a scenario rich in humor with twists and turns.

Meet Dobbly. He lives in a world filled with wonderful symbols that have power by finding matching pairs. This ne'er-do-well is so excited about his village's Festival of Matching, he can hardly sleep the night before. So when his impatience gets the best of him and finds himself trying to climb the Great Tree that will produce new pairs for the village, he also finds himself falling off the tree and breaking all of the branches on the way down, ruining the Festival. It's now up to the wizard Zadok and his apprentice, the druidess Dea, to find the magical seeds needed to repair the tree. And Dobbly is tagging along for the adventure!

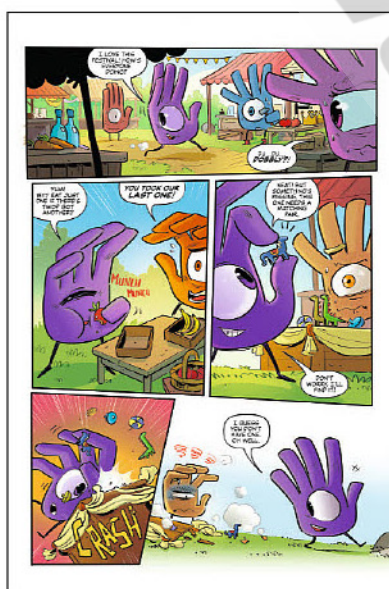

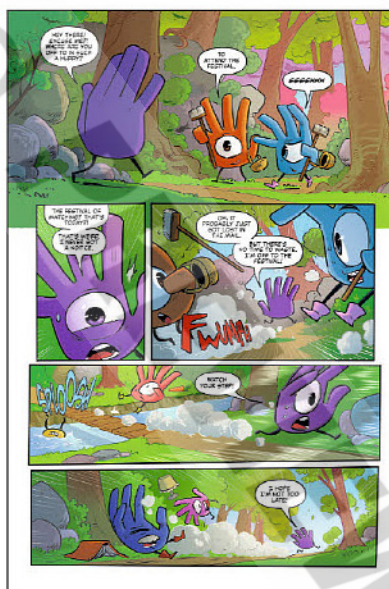

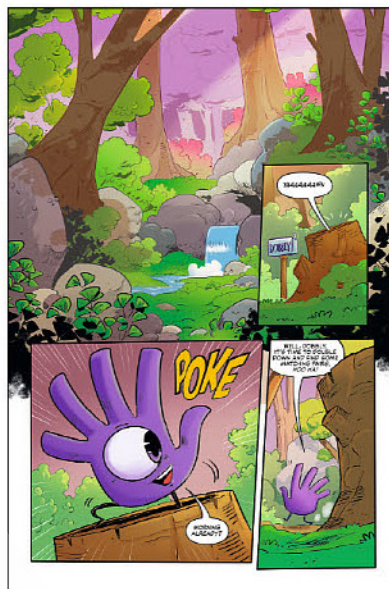

Traveling farther away from the village than he's ever been, Dobbly and his companions face harsh conditions and danger, all while being tracked by Single, the Dark Cloud King, who wants to cause chaos and prevent them from finding power in matching pairs. PRAISE FOR ANIMAL CASTLE:

"It's worth mentioning that perhaps the most striking thing about this comic is its timing. With real life headlines telling us of Putin's unjust war against Ukraine and the bravery of average Ukrainian citizens as they fight back against Russia's presidential dictator, what better time could there be for a comic like Animal Castle?" –FRANKIESCOMICS.COM

"Writer Xavier Dorison and artist Felix Delep have crafted a powerful and different look and direction for this Orwell inspired book." –GEEKVIBESNATION.COM

"Irresistibly intriguing, ceaselessly charming and morally interesting, Animal Castle is an adult fable worth reading." –COMICBOOKYETI.COM

"Blending animal fantasy with tense political thriller, this series is likely to draw fans of both." –PUBLISHERS WEEKLY

On the Farm, all animals were equal. In the Castle, some are more equal than others.

Animal Castle Vol. 2 picks up shortly after the events of Vol. 1 with Miss B trying to convince the animals not to give in to violence, in order to put an end to Silvio's reign...

An act of defiance by the Daisies leads Silvio to start locking animals up as a method to divide and conquer. But while Miss B is feeling the stress from both her friends and her family, some wise words put things into perspective and remind everyone that the resistance was never going to be easy. But are they all willing to pay the price?

HEY!

DAN DIDIO, FMP'S PUBLISHER, HERE TO GIVE YOU ALL THE LATEST ON EVERYTHING WE HAVE PLANNED FOR FRANK MILLER PRESENTS.

FRANK MILLER'S RONIN BOOK II. HAVING WORKED THROUGH SOME EARLY GROWING PAINS, WE MOVED ISSUE 3 TO APRIL 26 AND BACK ON A BI-MONTHLY SCHEDULE. BUT ALSO, WITH ISSUE 3, WE'VE MADE SOME EXCITING CHANGES TO THE BOOK. FIRST, THE FRANK MILLER VARIANT WILL NO LONGER BE A RATIO VARIANT AND CAN BE ORDERED THE SAME AS THE PHILIP TAN COVER. (NOT TO WORRY, RATIO VARIANT COLLECTORS, THE SIGNED FRANK MILLER VARIANT WILL STILL BE 1:50). ALSO, INSIDE THE ISSUE, WE WILL BEGIN FEATURING FRANK'S ORIGINAL LAYOUTS FOR THAT ISSUE. THIS IS NOT TO BE MISSED BY ANY FAN OF FANTASTIC ART OR COMICS!

FRANK MILLER'S PANDORA. THE FIRST STORY ARC ENDS WITH ISSUE 6 WHILE SETTING UP THE NEXT STORY AND INTRODUCING THE SERIES "BIG BAD". AND THE VARIANT COVERS HERE ARE A TRUE FAMILY AFFAIR. FRESH OFF HER COMIC BOOK PREMIERE IN ISSUE 3, AN ACCOMPLISHED PAINTER AND COVER ARTIST THERESA KUBERT (POSSIBLY THE FIRST MOTHER/ DAUGHTER TANDEM ART TEAM) RETURNS FOR THE VARIANT OF ISSUE 5 WHILE SUPERSTAR ARTIST **ANDY (BATMAN, X-MEN) KUBERT** STEPS UP TO HANDLE THE VARIANT COVER TO ISSUE 6. ALSO WORTH NOTING, THE FIRST PANDORA COLLECTED EDITION IS SCHEDULED IN AUGUST, TIMED WITH THE START OF THE SECOND ARC, AND WILL BE IN A SPECIAL "YOUNG ADULT" TRIM SIZE.

ANCIENT ENEMIES. AS THIS MINI-SERIES BUILDS EXCITEMENT AND TENSION AS IT HEADS TO ITS HEARTSTOPPING CONCLUSION, A SERIES OF 3.99 ONE-SHOTS WILL FILL IN THE MONTHS BETWEEN THE MAIN BI-MONTHLY ISSUES AND THE BACKGROUNDS OF THE CHARACTERS THAT INHABIT THIS WORLD. THE DJINNI IS IN STORES NOW, WITH THE WRAITH AND SON IN APRIL, THE GREATER GOOD IN JUNE, AND FIRST RESPONDER IN AUGUST. AND SPEAKING OF WRAITH AND SON, A SLIGHT CHANGE TO SOLICITS, AS SCHEDULING ISSUES FORCED A CHANGE IN ARTISTS WITH MARVEL/ DC MAINSTAY **JIM CALAFIORE** STEPPING UP TO ON THIS BOOK AND THE GREATER GOOD. HERE'S A SNEAK PEEK AT HIS FIRST WRAITH SPLASH PAGE TO SHOW YOU HOW GOOD THIS BOOK WILL BE.

FOR THOSE FOLKS WAITING ON SIN CITY NEWS, WAIT NO LONGER. FRANK HAS STARTED WORK ON SIN CITY: BLOOD AND DUST. THIS WESTERN COMIC IS SET IN 1858 AND THE EARLY DAYS OF BASIN CITY AND ITS RESIDENTS, SOME OF THEM ANCESTORS OF SIN CITY'S MOST RECOGNIZABLE RESIDENTS.

IT'S BEEN LESS THAN SIX MONTHS SINCE WE PUT OUT OUR FIRST COMPLETE ISSUES, AND FRANK, SILENN, AND I HAVE BEEN OVERWHELMED BY THE POSITIVE RESPONSE TO OUR BOOKS. THE PERFECT FUEL TO KEEP US FIRED UP FOR OUR LONG-TERM PLANS. IT TOOK A LOT OF PLANNING TO GET HERE, AND THIS IS ONLY THE BEGINNING OF WHAT WE HAVE IN STORE FOR THE LINE.

THANKS, AND SEE YOU IN 30!

DIRTY PICTURES: HOW REBELS INVENTED COMIX SC

(W) Brian Doherty

In the 1950s, comics meant POW! BAM! superheroes, family-friendly gags, and Sunday funnies, but in the 1960s, inspired by these strips and the satire of MAD a new generation of creators set out to subvert the medium, and with it, American culture. Their "comix," spelled that way to distinguish the work from their dime-store contemporaries, presented tales of taboo sex, casual drug use, and a transgressive view of society. Embraced by hippies and legions of future creatives, this subgenre of comic books and strips often ran afoul of the law, but that would not stop them from casting cultural ripples for decades to come, eventually moving the entire comics form beyond the gutter and into fine-art galleries. Through dozens of new interviews and archival research, Doherty chronicles the scenes that sprang up around the country in the 1960s and '70s, beginning with the artists' origin stories and following them through success and strife, and concluding with an examination of these creators' legacies. CINEMA OF SWORDS: A HISTORY AND GUIDE TO MOVIES ABOUT KNIGHTS, PIRATES, BARBARIANS, AND VIKINGS (AND SAMURAI AND MUSKETEERS AND GLADIATORS AND OUTLAW HEROES) HC

(W) Lawrence Ellsworth
Cinema of Swords is a history, guide, and love letter to over four hundred movies and television shows featuring swashbucklers: knights, pirates, samurai, Vikings, gladiators, outlaw heroes like Zorro and Robin Hood, and anyone else who lives by the blade and solves their problems with the point of a sword. Though swordplay thrives as a mainstay of current pop culture—whether *Game of Thrones* or *Lord of the Rings* or *Star Wars*—swashbuckling was if anything even more ubiquitous during Hollywood's classic period, from its foundations in the Silent Era up through the savage bursts of fantasy films in the '80s. *Cinema of Swords* traces the roots and branches of this unruly genre, highlighting classics of the form and pointing fans toward thrilling new gems they never knew existed. Story & Art: Fred Perry

PENULTIMATE ISSUE (Yes, Virginia, there WILL be a Gold Digger #301!) 30 years. 300 issues. 7500+ pages. ONE MAN. In 1993, following a serialized run in Magazine and a 4-issue miniseries, Fred Perry unleashed the first regular issue of his seminal F/SF adventure series, Gold Digger. Now, with this issue, the saga of Gina and Brittany Diggers comes to a close, and Fred achieves what no other industry creator has done: 300 issues of a SOLO-CREATOR series.

MEET FRED PERRY, NEW YORK TIMES BESTSELLING AUTHOR*

Born and raised in Norfolk, Virginia, Fred Perry began his professional comic book publishing career in 1989. After serving in the U.S. Marine Corps in Operation Desert Storm, Fred started working on his new series idea, *Gold Digger*. The first *Gold Digger* story was published in Magazine in 1991, and after a four-issue miniseries, the regular monthly series began in 1993. In 2013, Comic Con International presented Fred with an Inkpot Award for reaching the milestone of 200 issues for a solo-created series. Including all black-and-white and color issues, *Gold Digger* hits the long-awaited 300th issue in June. The final issue will be #301, shipping later this year. For *Gold Digger* alone, Fred has produced over 7500 pages of story—written, penciled, inked, and (since the series went to color) colored—and 30,000 frames of animation for the *Gold Digger Time Raft* animated movie!

While it's described as "*Indiana Jones* meets *Final Fantasy*," *Gold Digger* is more like the vastest, most entertaining omni-genre RPG in the universe. (Any series that includes a team of pirate-ninja leprechauns with their own transforming mini-giant robot defies classification, really.) Fred's eclectic, always-entertaining blend of story elements includes fantasy, science fiction, slice of life, pro wrestling, quantum physics, pop culture references, and a healthy helping of heartwarming.

ASCENDANT: STAR SPANGLED SQUADRON GN

(W) Alexander Marcus,

(A) Mel Joy San Juan & Various

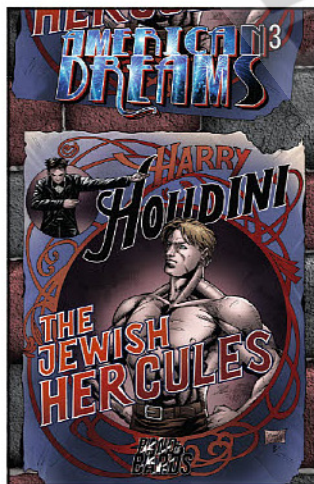

In December 2012, The U.S. government launched a secret program to create superhumans called Ascendants. In July 2018, the U.S. government lost control over them. Now, America enters a new era in which ordinary men and women can become the heroes we need... or the monsters we fear. When firefighter Bill Goddard raced into a blazing building to rescue trapped children, he expected to die. Instead, he became something more than human—the nation's first ascendant. Now known as American Eagle, Bill must assemble a team of other ascended heroes to defend the country from villainous

forces intent on wreaking chaos and destruction. But the process of ascension is fraught with peril, and not everyone emerges with their mind and morality unscathed. In America's hour of need, who will answer the call? And can they do what it takes to protect the nation without sacrificing the values they've sworn to uphold? (STL266243) (C: 0-1-0)

But things are changing on the river—a great dam is being built—and things are changing in Siku, too, as her ability to manipulate water grows out of control, and visions of a great serpent pull her further from reality and her loving father, Tongai. When Tongai ventures to the Kariba Dam to find a cure for Siku and never returns, she sets off to find him with the help of Amedeo, the young son of Kariba's chief engineer. STEWdio: THE NAPHIC GROVEL ARTTRILLOGY OF CHUCK D HC
 (W/A) Chuck D
 Chuck D (Public Enemy, Prophets of Rage, etc.) brings his personal insights and social critiques to the page in fierce, passionate, and evocative visual art and prose in this limited edition box set. In February 2020, he turned his gaze to the page, and began to fill three 5 x 8 journals with his written and drawn reflections of a world beginning to unravel. *STEWdio: The Naphic Grovel ARTtrilogy of Chuck D* recreates the format of his original art, combining three full-color paperback bound books into a beautiful box set. The box set is the inaugural offering from Enemy Books, the new Akashic Books imprinted curated by Chuck D. Spanning the onset of COVID-19 through the first year of the Joe "Bye-Don" administration, Chuck D lends his powerful artistic voice to one of the most tumultuous periods in American history, and puts it in a capsule. His inventive, Amiri Baraka-esque language and accompanying art is also occasionally used as a tool for introspection, providing unparalleled insight into one of the most important cultural figures of our time. LIVE, LOVE AND DANCE

A BOY NAMED ROSE TP

(W/A/CA) GAËLLE GENILLER

Paris. The 1920s. Rose is a boy and, like all the girls he's spent time with since he was born, he wants to dance at "Le Jardin", the cabaret managed by his mother. As Rose blossoms into a 19 year old young man, he discovers love and tries to find his place in a society that's not ready to welcome true love between two men with open arms.

PRIDE Month is here (but we're celebrating it all year long!) and we decided to highlight Love. Created and beautifully drawn by Gaëlle Geniller, A BOY NAMED ROSE is going to make you fall in love with this story, set in Art Deco Paris and where a young man discovers who he really is in a place filled with entertainment and drama. What is Rose's place in the world? Is he just a boy? Is he a girl inside? Rose just wants to be accepted for who he really is and live, love and dance as free as he can be. A beautiful LGBTQIA+ tale from a time where loving differently was a challenge. A BOY NAMED ROSE will move you, in all its subtleness and tenderness.

Norris's spirited and free-flowing page designs and full-color cartooning bring her frank voice and personality to life, making *Dear Mini* one of the most compelling graphic novels of 2023.

FAMILY STYLE: MEMORIES OF AMERICAN FROM VIETNAM GN

(W/A) Thien Pham

Originally posted on Instagram, this young adult graphic novel details the author's childhood immigration to America with his family, through the lens of particularly meaningful food and meals. Thien's first memory isn't a sight or a sound. It's the sweetness of watermelon and the saltiness of fish. It's the taste of the foods he ate while adrift at sea as his family fled Vietnam. After the Pham family arrives at a refugee camp in Thailand, they struggle to survive. Things don't get much easier once they resettle in California. And through each chapter of their lives, food takes on a new meaning. Behind every cut of steak and inside every croissant lies a story. And for Thien Pham, that story is about a search—for belonging, for happiness, for the American dream! (STL271459) (C: 0-1-0)

MONSTROUS: A TRANSRACIAL ADOPTION STORY GN

(W/A) Sarah Myer

A poignant young adult graphic memoir about a Korean-American girl who uses fandom and art-making to overcome racist bullying. Sarah has always struggled to fit in. Born in South Korea and adopted at birth by a white couple, she grows up in a rural community with few Asian neighbors. People whisper in the supermarket. Classmates bully her. She has trouble containing her anger in these moments—but through it all, she has her art. She's always been a compulsive drawer, and when she discovers anime, her hobby becomes an obsession. Though drawing and cosplay offer her an escape, she still struggles to connect with others. And in high school, the bullies are louder and meaner. Sarah's bubbling rage is threatening to burst. NUKING ALASKA GN

(W/A/CA) Peter Dunlap-Shohl

Nuking Alaska is an unneringly funny tale of life in Alaska during the tensest times of the Cold War. It recounts the surprising and tragicomic details of the nuclear threats faced by Alaskans, including Project Chariot in the late 1950s and early 60s, the near-nuclear disaster caused by the Great Alaskan Earthquake of 1964, and the 1971 test of a nuclear warhead on the island of Amchitka. Alaskan resident Peter Dunlap-Shohl shares the terrible consequences that these events and others had for humans and animals alike, all in the service of "atoms for peace." (STL251816) (C: 0-1-0)

(W) A. David Lewis, Khalil Gibran

(A) Justin Renteria

First published in 1923, Khalil Gibran's *The Prophet* is unquestionably the most popular work of free verse published in the English language during the 20th century. The slender book tells the story of exiled Almustafa, leaving his refugee home of Orphalese after twelve years of banishment. Before he goes, however, he has words of wisdom for the people who took him in. This graphic adaptation features a faithful rendering of the original text with a flashback sequence that explains the prehistory of Almustafa and an afterword by A. David Lewis. Have You Checked Out The Comic Book Market?

Working on the pricing for *The Overstreet Comic Book Price Guide* is a year-round activity. It involves tracking the major auctions and many smaller ones, looking at reported sales from dealers and private transactions, and much more.

To say the least, the last few years have been very interesting.

Here are two examples of what we've seen recently:

HERITAGE AUCTIONS

"By every estimation, 2022 was a home run for Heritage Auctions," the Dallas-based company said in a press release as they announced that they had passed more than \$1.45 billion in sales for the year.

It's sort of hard to argue with that.

Our main interest, of course, is what they did in the comic book and original comic art market.

Heritage's Comics and Comic Art category ended 2022 with more than \$195 million in total sales, exceeding 2021's re-

sults by seven percent. Among their highest profile results, April's Comics & Comic Art Signature brought in \$27,674,844, making it, by far, the most successful comics auction ever held.

Mike Zeck's original art for Page 25 of *Marvel Super-Heroes Secret Wars* #8, which features the origin story of Spider-Man's black costume, sold for \$3.36 million in January.

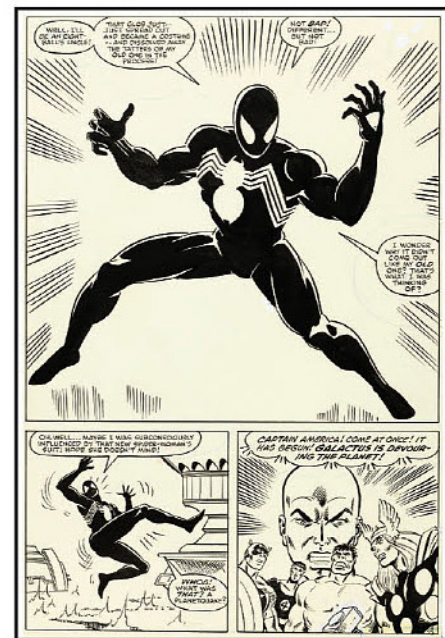

In November, Bill Watterson's hand-colored *Calvin and Hobbes* May 24, 1987 original Sunday strip realized \$480,000. That price also tied the record for the most valuable original newspaper strip.

The company also noted records in sports collectibles, U.S. Coins, Entertainment & Music, VHS & Home Entertainment, Illustration & American Art, Historical, Jewelry, Timepieces, Luxury Accessories, and Wine categories.

COMICCONNECT

ComicConnect's first Mega Monthly Auction of 2023 featured comics, mag-

azines, toys, and more. The auction, which closed on January 31 through February 2, 2023 was led by the high grade copy of *Incredible Hulk* #181

CGC 9.8. The origin and first full appearance of Wolverine garnered 40 bids before selling for \$66,000.

The next highest sale was for *Batman* #5 PGX 4.0 that sold for \$1,870, *Fantastic Four Annual* #1 CGC 8.0 realized \$1,851, and *Ultimate Fallout* #4 CGC 9.8 hit \$1,600. Other noteworthy sales included *Green Lantern* #1 CGC 3.5 for \$1,322 and *Showcase* #22 CGC .5 sold for \$1,159.

The Overstreet Comic Book Price Guide #53, featured in this issue of *PREVIEWS*, will have much, much more about our market!

NORTHRANGER GN

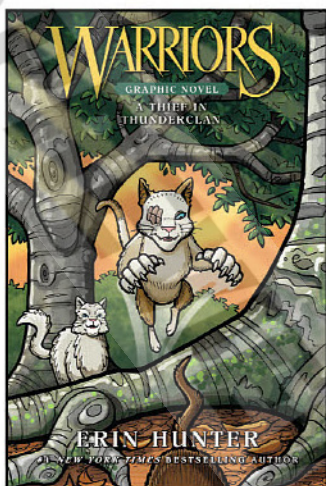

(W) Rey Terciero (A) Bre Indigo

Cade has always loved to escape into the world of a good horror movie. After all, horror movies are scary—but to Cade, a closeted queer Latino teen growing up in rural Texas—real life can be way scarier. Cade's plan to lie low at the movie theater all summer is disrupted when he's forced to help his stepfather, Dale, work on the ranch of Dale's old army general in order to earn some extra money for their financially struggling family. Cade hates everything about the ranch, from the early mornings to the piles and piles of horse poop. The only silver lining is the company of the General's two teen kids, who also live on the ranch—in particular, the ruggedly handsome and friendly Henry. But as unexpected sparks begin to fly between Cade and Henry, things get... complicated. Henry is reluctant to share the details of his mother's death, and Cade begins to wonder what else he might be hiding. Inspired by the gothic romance of Jane Austen's *Northanger Abbey* comes a modern story of romance for today's teen reader. (STL268624) (C: 0-1-0)

(W) Charles Soule

A few years from now, in a world similar to ours, there exists a sort of "depression plague" that people refer to simply as "The Grey." No one can predict whom it will afflict, or how, but once infected, there's no coming back. A young Hong Kong based scientist, Lily Barnes, is trying to maintain her inner light in an increasingly dark world. The human race is dwindling, and people fighting to push forward are increasingly rare. One day, Lily comes across something that seems to be addressing her directly, calling to her, asking her to follow a path to whatever lies at its end. Is this the Endless Vessel to happiness? She leaves her life behind and sets out through time and space to find out. Charles Soule has channeled history, science and drama to create a story for the ages—a story of hope and love and possibility. This is a novel you will not soon forget. (STL268613) (C: 0-1-0)

CORMAN/POE: INTERVIEWS AND ESSAYS EXPLORING THE MAKING OF ROGER CORMAN'S EDGAR ALLAN POE FILMS SC

(W) Chris Alexander

Produced on modest budgets for American International Pictures, Roger Corman's adaptations of Edgar Allan Poe stories were popular in their time as escapist horror cinema. Most starred horror icon Vincent Price and were written (and "freely adapted") by the likes of Richard Matheson, Charles Beaumont, and Robert Towne. Today the series is recognized as unique and sophisticated, one that delivers decadent Gothic chills while exploring ideas of faith, sexuality, psychology and the supernatural. *CORMAN/POE: Interviews and Essays Exploring the Making of Roger Corman's Edgar Allan Poe Films, 1960-1964* is the only book to fully examine this chapter in horror film history. In-depth conversations with the maverick Roger Corman are book-ended by engaging critical analyses of each of the eight films, which together stand as a fully realized and consistent creative vision. RANX: THE COMPLETE COLLECTION HC

(W/A) Stefano Tamburini

Ranx, the Italian science fiction graphic novel series by Stefano Tamburini and Tanino Liberatore, follows a bizarre antihero, Ranx, a mechanical cyborg made from discarded photocopier parts. After an unfortunate short circuit, he becomes the victim of fabricated feelings of love for his girlfriend Lubna, a brat, who is permanently high and has an abominable temperament. In a world that is a parody of contemporary society, featuring decadence, consumption, and selfishness, Ranx lives on as the epitome of true love. He is the last "knight in shining armor." Ranx is a colossus in a world of savages, but

don't look for hidden meaning in these epic stories: they are merely a pretext for a lethal dose of cyberpunk, gratuitous violence, and eroticism. (STL234525) (C: 0-1-2)

This book is intended for readers aged 18 and up. It may contain themes considered "mature."

Vananka Darmont's life has sucked since his Indian father stuck him with such a weird name before disappearing. When he comes home from his soul-draining job to find his mother dead from an overdose, he decides to abandon the debt she left him to find a new life in Mexico. But trouble follows him like a shadow, and he soon finds himself wrapped up in a world of drug smugglers, white supremacists, and federal agents. In the middle of all that, however, is perhaps the one good thing ever introduced to his life: Leila. And when she's kidnapped, rescuing her becomes his single purpose.

A psychedelic mix of **BREAKING BAD**, **DESPERADO**, and a just whisper of **APOCALYPSE NOW**.

It's 2074, and the Earth is an abused ruin, a landscape of desolation thanks to mankind's inability to live in moderation. Pockets of makeshift civilization are spread out like islands in a sea of wasted misery, a distance that only the craziest and most desperate madmen dare to traverse. **Alex** and **Fonzie** are two such individuals, and they are about to take the contract of their lives leading a convoy of misfits and mercenaries on a mission to deliver a cargo of precious medicine across the desolate plain. They'll face lawless hordes and competing agents, and their fleet will winnow before they reach their destination, but none of those opponents will be prepared for Alex and her wily ways...

Banished for a fault that forever taints his reputation, Arzhur wanders from tavern to field of battle in search of the next contract which will fill his purse. One night, three mysterious old women offer him to regain honor and fortune if he frees the daughter of a neighboring king, held captive in the ruins of an abandoned castle. O/A BOOT BLACK HC

(W/A) Mikael
Spring, 1945: the war leaves only death and destruction in its wake. To escape the horror of the present, Al, an American soldier, the only survivor of his unit, immerses himself in the memories of his New York life. Son of German immigrants, born in the United States, he was not yet ten years old when, in one night, under the approving eyes of anti-immigrant Americans, he lost his parents and his home in a terrible fire. Turning his back on his origins, Al has no choice but to live on the streets; he becomes a Bootblack, a shoe shiner. New York offers no future for the poor, Al understood that. He is therefore determined to earn more money, whatever the means. But he does not imagine, at that point, that the war which threatens will soon give him an appointment with his past... (W/A) Mikael
New York, early 1930s. A mysterious, laconic Irish colossus known as "Giant" sweats blood, along with his fellow immigrants, to build the skyscrapers of Rockefeller Center. For a while, he has not received a reply to the typewritten letters he continues to send, as well as money, to the other side of the ocean, to Mary Ann, the wife of one of his colleagues who died accidentally. Giant, who seems to be afraid of nothing, still has not found the courage to reveal to the young woman that she is a widow... What does her silence mean? An entrancing everyday working-class tale with the majestic background of the rising skyscrapers of New York. (STL150315) HC, 9x12, 120pgs, FC.....\$24.99

In an equinox, day is as long as night, as if the world found perfect equilibrium between shadow and light, a fleeting equilibrium, similar to the stakes of our human destinies. Segmented into four tableaux for four seasons, unrelated people of all social backgrounds seeking equilibrium cross paths with other solitudes, weaving in and out of one and other's lives, all captivated and tormented by the enigmatic meaning of life. Every season has its visual identity and its individual voice, culminating in summer and, possibly, an answer. (STL012510) HC, 9x12, 336pgs, FC.....\$44.99

(W) Hubert (A/CA) Kerascoet
When the repulsively ugly Coddie unintentionally saves a fairy from a spell, she does not understand the poisonous nature of the wish granted her by the fairy. The village folk no longer see her as repulsive and stinking of fish—they now perceive her as magnetically beautiful—which does not help her in her village. A young local lord saves her, but it soon becomes apparent that Coddie's destiny may be far greater than anyone ever imagined. Caustic and flamboyant, this fairy tale offers grownups an engrossing take on the nature and corrupting power of beauty, in our age of obsession with it. The experience proves cathartic. Even though he is not Portuguese himself and is a foreigner there, so many elements are familiar to him. Meeting its lively citizens, full of the zest for life, his distant yet welcoming family bringing back fond early memories, all prove reinvigorating, the breath of fresh air

SOCIAL FICTION GN

(W) Chantal Montellier
(A) Geoffrey Brock
An anonymous official chides a man under surveillance for stepping out of view of a security camera; visitors to an underground mall are forced to form a new society when a nuclear strike may (or may not) have left them as the sole survivors on Earth; newlyweds living in an authoritarian New York City attempt to navigate the insidious hurdles of being permitted to have a child; and a Puerto Rican boxer discovers that segregation continues in America long after death. In this collection of three novellas, *Wonder City*, *Shelter*, and *1996*, published together in English for the first time, Chantal Montellier's blend of dark humor, gripping storytelling, and consistent focus on the perils of totalitarianism, shows her to be a master of both comics and science fiction. BOYS WEEKEND HC

(W/A) Mattie Lubchansky

Part satire, part horror, *Boys Weekend* explores what it's like to exist as a trans femme person in a man's world, the difficulty of maintaining friendships through transition, and the more cult-like effects of masculinity, "hustle" culture, and capitalism—all through the vibrant lens of a surreal, scary, and immensely imaginative romp. Newly-out trans artist's assistant Sammie is invited to an old friend's bachelor weekend in El Campo, a hedonistic wonderland of a city floating in the Atlantic Ocean's international waters—think Las Vegas with even fewer rules. Though they have not identified as a man for over a year, Sammie's college buddies haven't quite gotten the message—as evidenced by their formerly closest friend Adam asking them to be his "best man." Bad enough that they have to suffer through a torrent of passive-aggressive comments from the groom's pals—all met with zero pushback from supposed "nice guy" Adam. But also, they seem to be the only one who's noticed the mysterious cult that's also staying at the hotel, and is ritually dismembering guests and demanding fealty to their bloodthirsty god. THE BEST OF SIMON & KIRBY'S MAINLINE COMICS HC

(W) Joe Simon (A) Chris Kirby, Joe Simon
(CA) Jack Kirby

In 1954, industry legends Joe Simon and Jack Kirby founded Mainline Publications to publish their own comics during that turbulent era in comics history. The four titles—*Bullseye*, *Foxhole*, *Police Trap*, and *In Love*—looked to build off their reputation as hit makers in the Western, War, Crime, and Romance genres, but the 1950s backlash against comics killed any chance at success, and Mainline closed its doors just two years later. TwoMorrows Publishing is compiling the best of Simon & Kirby's Mainline comics work, including all of the stories with S&K art, as well as key tales with contributions by Mort Meskin and others. This collection bridges the gap between Simon & Kirby's peak with their 1950s romance comics, and the lows that led to Kirby's resurgence with *Challengers of the Unknown* and the early Marvel Universe. With loving art restoration by Chris Fama, and an historical overview by John Morrow to put it all into perspective, the *Best of Simon & Kirby's Mainline Comics* presents some of the final, and finest, work Joe and Jack ever produced! (W) Dewey Cassell (A) Mike Grell
From a seminal turn on *Superboy* and the *Legion of Super-Heroes* and creating the lost world of the *Warlord*, to his work on *Green Arrow*, Mike Grell made an indelible mark at DC Comics in the 1970s and '80s. But his greatest contribution to the comics industry was in pioneering creator-owned properties like *Jon Sable*, *Starslayer*, and *Shaman's Tears*. This career-spanning tribute to the master storyteller is told in Grell's own words, full of candor, optimism, and humor. (A/CA) Jenna Cha

Feeling sick? The Man may be following you... 1945: Daniel Buss, an anxious teenager living in small-town America, has been experiencing strange symptoms: mood swings, increased sensitivity, and terrifying hallucinations, threatening to ruin his summer vacation before freshman year. Worse, a stalking presence watches Daniel's every move. 1955: George Brooks—war vet and tireless doctor—nears retirement from his decorated past. When a local housewife murders her entire family, her son—the sole survivor—is put into his care; George grows obsessed with uncovering what could drive an ordinary person to such brutality. Though they live a decade apart, their fates intertwine through a horrifying illness and the haunting figure who follows wherever they go. (STL268683) 32pgs, B&W..... \$6.00

BEN KAHN

With the finale of *Gryffen* arriving in stores just in time for the celebration of Pride Month, Whatnot Publishing sat down with the creator, Ben Kahn, to talk about how their unique perspective influenced the creation this original sci-fi series.

WHATNOT PUBLISHING: What would you like readers to know about *Gryffen* going in?

BEN KAHN: *Gryffen* is the righteous scream of a person who sees a universe that is fundamentally unjust, and is willing to cross any line to bring it down. It's hold no bars, take no prisoners anti-fascism. It takes the central concept of Stark Trek, what if humanity took to the stars and encountered wondrous alien civilizations, but sees the worst in mankind. *Gryffen*'s on a one-ship crusade to bring down a galaxy spanning empire. But humanity needs to be stopped, and Captain Lyla Gryffen is the one who's going to do it.

WNP: What makes the queer elements of *Gryffen* so important?

BK: Part of making Captain Gryffen non-binary was just to reflect my own identity, but the bigger reason was to show how, at the very core of their being, *Gryffen* is fundamentally opposed to the fascist project of the Sovereign Reach. You look at the history of those targeted by far right governments, from the Nazi party to the laws you're seeing in too many states today, trans and gender non-conforming people are almost always one of the first groups targeted. *Gryffen* is queer wrath personified, and they're not going to be pushed around by anyone.

WNP: Is there any music you listened to while writing *Gryffen* that people might want to have on while they're reading?

BK: Absolutely! Music is a big part of my writing process, and I think there's some fun tunes that will hopefully set the right energy. Check out: Destroyer by Saint Motel, Ill Ray (The King) by Kashbian, Love/Hate by Betty Blowtorch, and Weapon of Choice by Black Rebel Motorcycle Club.

WNP: What can you tell us about working with series artist, Bruno Hidalgo?

BK: The best part of working on *Gryffen* was getting to see the pages come in from Bruno! *Gryffen* is the third comic series we've done together, and it's always a joy working with him. Bruno's art gives the world of *Gryffen* this unique, down-and-dirty, lived-in feel. This isn't a world of shiny, Apple Store looking space ships. And the action! Nobody does it like Bruno. He goes all out with the sci-fi gore on this one, and when he draws someone getting hit, you feel it.

\$4.99

ARTISTS: Canaan White, Ren Spiller and Ismail Nihad

RELEASE DATE: **JUN. 28th** PGS: 32 RATING: **MATURE** GENRE: **SCI-FI/ACTION**

THE FUTURE'S MOST DANGEROUS SPORT JUST GOT A NEW PLAYER...

RAMGØD follows Clint Bowler, a former troubled star athlete turned NCPD Beat Cop, as he tries to balance his responsibilities as a cop and as a father. But his teenage son, Malcolm, wants nothing to do with him. That is until Clint is recruited by Malcolm's favorite team in the world's most dangerous sport, RAMGØD.

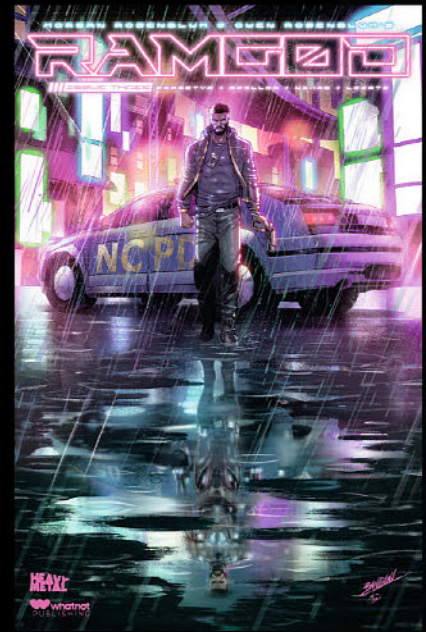

With all eight RAMGØD teams being mandated by the league to add an additional player to their rosters, the Barracudas hold an open tryout to fill the new spot. Having seen the now viral video of the gutsy NCPD Beat Cop pursuing a perpetrator, they extend an invite to Clint.

With other pro athletes also invited to compete, the competition is stiff. Out of his element, and unfamiliar with the new sport, Clint must rely on his instincts and athleticism if he's going to make the cut. But when it comes to RAMGØD, even in tryouts, safety is never guaranteed.

RAMGØD feels like *Point Break* meets *Fast & Furious*, but in a CyberPunk setting that introduces a brand new super high-octane global sport.

32 PAGES OF STORY!

This is it—issue 3—the next issue after 2! And sadly the end of this slightly oddly insane story. I don't know about you but it's been pretty intense, a little sad, probably too weird, and hell did you make sure to find all the hidden raccoons in the last one? I think I counted 18—but also by the time you're reading this sentence, it's already too late, we stole your wallet and used your credit cards to buy a ton of black market weaponry—good luck explaining that one to your bank. Soooo...anyway, don't miss out on the conclusion that concludes better than any other concluded story ever... maybe...possibly...hopefully—definitely and stick around after the credits for what wacky mishap Cindy (well, if she lives) gets into next time!

(W) Auri Hirao

When it comes to idol group ChamJam, Eripiyo is the oldest — and perhaps only — fan of Maina Ichii. Despite Eripiyo's enthusiastic support, Maina is the least popular member of the group, but that doesn't deter Eripiyo, even though she spends so much of her money that she only has a single outfit of her own. But her love for Maina doesn't waver, even though she knows she might never be noticed for it! (STL269707) Scheduled to ship in August 2023. (C: 0-1-1)

OGI'S SUMMER BREAK VOLUME 2 GN

(W) Koikawa

For Haurto Ogi, there's nothing more painful than unrequited love. After agreeing to date Tago, the handsome, vision-impaired boy who boldly proposed a relationship for the length of summer break, Ogi can't help worrying about the inevitable future heartbreak. When Tago's older brother insinuates Ogi only pursued his brother because Tago can't see the feminine, eccentric way Ogi dresses, Ogi decides to change. If he can make himself look "normal," maybe their relationship won't be questioned and maybe... maybe Tago will fall in love with Ogi for real. A quirky and gentle story about overcoming fears and loving yourself and others for who they truly are. (STL269706) Scheduled to ship in August 2023. (C: 0-1-2)

CORE CONNECTION 2: NABLA CONSPIRACY BOARD GAME

Two years ago, the ancient conquerors of Atlantis rose from the depths of the Pacific, leaving the world paralyzed in their wake. But, seven girls stepped forward to face the threat, each possessing the Royal Wavelength required to activate the humanoid weapons known as Resonants. These were the only means of stopping the enemy. In a storm of conflict, the girls battled against Atlantis, eventually defeating Ennosigaios, the Lord of Atlantis. With peace slowly returning, the girls are able to return to their normal lives, but something seems to be missing. Soon, they hear whispers of a secret society known as Nbla's Heart. This mysterious organization is variously rumored to be the dark side of a global corporation, the root of military corruption, or a way to save those they love. Most ominously, there are those who say that Nbla's Heart is plotting the eradication of the Royal Wavelength, causing the girls to go into hiding. The road ahead of them is dark and lonely, but they have faith that the twinkling stars will guide them. They believe that their paths will cross once again, and they are determined to protect the world and those they hold dear, no matter the cost. Welcome to the world of Core Connection!
